RE: COAKLEY LANDFILL - FIRST INFORMATION REQUEST

Dear Mr. Marchessault:

Enclosed please find Continental Cablevision's response to the First Information Request.

Pursuant to the Freedom of Information Act, 5 U.S.C. §552 and 40 CFR Part 2, I am requesting copies of all documents (as defined in the First Information Request) which in any way relate to the transportation to or disposal of any materials, whether hazardous or non-hazardous, by Continental Cablevision of New England, Inc. at the Coakley Landfill Site.

Thank you in advance for your cooperation.

Very truly yours,

Margaret A. Sofio  
Vice President, Counsel  
New England Region

11. Continental Cablevision is engaged exclusively in the operation of cable television systems and has a franchise, granted in 1969, to serve the City of Portsmouth. The System consists of reception facilities (tower, antennae, satellite receive dishes and electronic processors) and wires and cables attached to utilities poles throughout the City to provide signals by means for cable to subscribers' television sets.

The service is marketed by door-to-door sales and telemarketing. Customer Service Representatives respond in the office and by telephone to customer inquiries. Technicians are employed to maintain the cable system and install service in people's homes.

Our inventory consists of converters for attachment to subscribers' television sets, some cable and electronics (i.e., amplifiers and power supplies). We do not manufacture, store or use hazardous materials in the course of our business.

12. In accordance with an oral agreement between Philip R. Boxell, Esq., Sullivan & Worcester, who represent Continental, and Jeremy Firestone, Esq., from the EPA Office of Regional Counsel, a response to this question and the following question are not necessary unless and until Mr. Boxell receives further notification.
13. Please refer to the response to Question 12.
14. After investigation and to the best of my knowledge Continental has never directly nor indirectly through agents or third parties accepted any materials, hazardous or non-hazardous, for transportation to the Coakley Landfill.
15. After investigation and to the best of my knowledge Continental has never arranged for disposal or treatment or transportation for disposal or treatment of any hazardous material to the Coakley Landfill.
